RE: Application for Melody Ranch Open Space Landscaping

HOA Board:

Maria Löfgren and Jason Leslie submit the enclosed application for Melody Ranch open space landscaping. The conditions of the application have been met:

1. Plan as Enclosed including 3 maps labeled A,B, and C; and application
2. Photos of Trees Labeled A and B
3. The neighbors within 500' have been notified of intent by email with Demerie Northrup copied on communication on October 20, 2017, twenty people emailed. Sample email enclosed.
4. Feedback from Neighbors may be confidential, we've met the condition of notice
5. Enclosed check #1033 for: \$3,600, \$300 x 11 Trees + \$300 deposit
6. Earliest removal will be November 22, 2017, request approval remains open until May 1, 2019 to allow flexibility

We are receptive to relocating trees and other options, provided there is no additional cost incurred. It has been suggested that ideal time for removal is between November - April. An extended completion date is requested in the event there is cause to defer to next season for transplant. However, it is assumed removal will be easier prior to construction. Thank you for your consideration in this matter.

Regards,

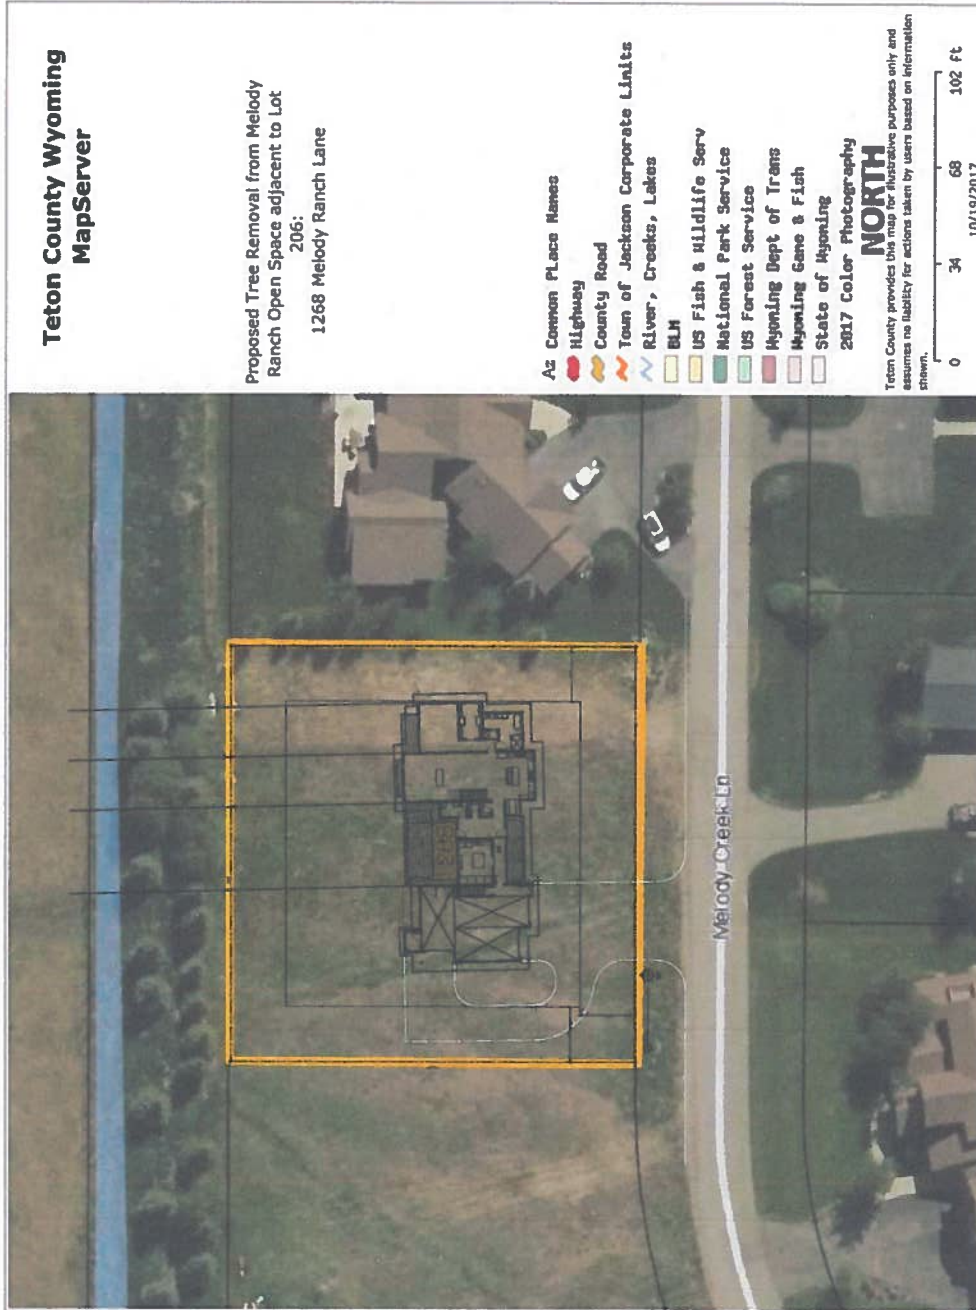

Jason Leslie

Dear Neighbor,

We are working on the design of our new house on Lot 206 in Melody Ranch, with intent to break ground this spring. We wish to remove trees in the open space bordering the north edge of our lot. The Melody Ranch Home Owner's Association has an application process to allow such removal and we are pursuing the process.

We are required to inform neighbors within 500 feet of trees proposed for removal of our intentions. The policy allows us to remove up to thirteen trees as the space sits today. Attached is an aerial photo including our floor plan with the trees selected for removal boxed in red. They are also marked with orange tape on site. We are requesting approval to remove eleven to improve our view from the living spaces. If you oppose the action, you have 21 days to inform the Homeowner's Association Board. If you have concerns, we hope you will share them with us as well.

Of course, we hope you will support our request. We believe the impact to our neighborhood is minimal. Thank you for your time and consideration.

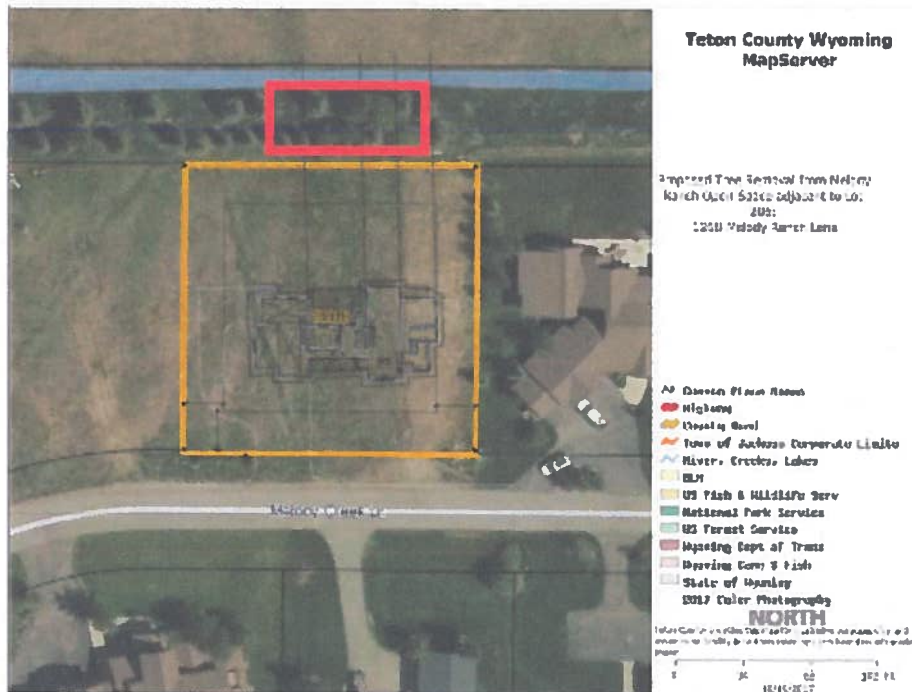

Sincerely,

Jason Leslie 307-690-4675
