SEWER REMINDERS

Sewer overflows and backups can cause health hazards, damage to your home, and threaten the environment. There are several easy ways to prevent this from occurring at your home. Many times, grease is washed into the plumbing system, usually through the kitchen sink. This can create problems as it sticks to the insides of sewer pipes and over time can block the entire pipe. The results can be both expensive and inconvenient: raw sewage can overflow into your home or that of your neighbor, a park or even the street. The potential contact you may have with disease-causing organisms and the operation and maintenance costs for clean-up can be daunting.

Be sure to ask your family or any other person in your home to please refrain from flushing cleaning rags and cloths in the toilet. Even the disposable "flushable" cleaning cloths can cause trouble. Additional items that you do not want in your sewer system include fats, oils, grease, cooking oil, flammable liquids, egg shells, coffee grounds, disposable diapers and feminine hygiene products, floss, cat litter, toys, medications, and paint. For a more comprehensive list, feel free to contact Grand Teton Property Management.

GONE TO THE DOGS

Neighbors, there have been numerous reports of dogs running loose in the neighborhood. PLEASE be sure to keep your dogs on a leash to avoid other people or animals being attacked and injured. We would ask owners to contact animal control in the event of an incident or loose dog as they are trained and skilled in these matters. 307-733-2331

SPRINGTIME REMINDERS

We live in a place that is blessed to experience all of the seasons. Currently, we are in mud season - the end of winter and the beginning of spring. The beautiful cover of snow has been pulled back to reveal the dirt beneath. It is now time for some spring cleaning. Many of you will be spending time sprucing up your yards and houses to welcome the beautiful weather that is upon us. When you do, we would ask that you please remember not to overfill your trash cans. If the lids do not close, the birds and other creatures can make a mess of the neighborhood in a matter of seconds. Also, as you dig out your toys for the warmer months such as your boats, campers, and trailers, please remember they cannot be stored in your driveways.

As you work in your yards here are a few tips to remember:

Lawn care - Be sure to apply fertilizer to your lawn. Fertilizer can be applied by itself or a weed and feed fertilizer can be put down to kill broadleaf weeds like dandelions. Keep your lawn watered. Watering during the heat of the day is less efficient than watering at night or early morning due to evaporation. Set the timers on your irrigation system to water light in the spring and fall, and heavier in the heat of the summer.

Weeds - We all have to keep weeds in our yards and flowerbeds in check. Pulling weeds is one way. Spraying weeds is another. Be sure to use the right spray for the job. Use a broadleaf killer in your yard that won't kill grass but does kill broadleaf weeds. Use the same in your beds only on weeds. Roundup is good in beds for spot applications, but never in your yard as it will kill the grass too.

Trees - Keeping your investment in your trees is important. Be sure to have your trees sprayed and fertilized to keep them healthy and strong. Several companies offer this service in the valley, or you can do it yourself.

Beds - Every few years, additional bark is needed to cover up your beds. Bark decomposes over time and fresh bark is needed to keep the beds looking good as well as to keep weeds out. Weed mat can help but keeping a proper depth of bark works just as well and it looks great.

COVENANT CORNER

~ All household and maintenance items such as
wheelbarrows, ladders, lawn mowers, snow blowers,
bins, etc should not be left in open view and should be
stored within a closed area such as a garage and/or
behind fenced enclosure or "out of sight" from the
road and neighboring properties view. This is Tier
One Violation, \$25 fine.

~ Maintenance of the exterior of the dwelling by the
owner shall include, but not be limited to, periodic
staining/painting of wood siding and fences, and the
landscaping maintenance of yards including weed
control, watering and mowing as needed. The HOA
can maintain said property in the event that the
homeowner does not comply. This is a Tier Three
Violation, \$250 fine.

DID YOU KNOW?

May is the third and final month of the season of spring.
People born in May are more likely to achieve higher
success and more love in their life. This could be related
to the month's birthstone, the emerald, which is
emblematic of love and success. In Old English the
name May translates as "Tri-Milch" meaning 3 milks
because the grass had become so lush and green that
you could milk the cows three times a day! In the United
States we have many celebrations during the month of
May including, Mother's Day, Teachers Appreciation,
Memorial Day, May Day and Cinco de Mayo. It is Family
Wellness Month, Mental Health Awareness Month and
National Hamburger Month. While our community and
our world are experiencing so many changes in our daily
lives, it is our hope that you continue to stay safe, be well
and take care of yourselves and your families.
