Be Bear Aware

As the leaves on the trees change and fall descends upon the valley, we would like to remind everyone of the importance of being aware of bear conflicts, especially in light of the recent bear sightings throughout the town and county neighborhoods. Please remember that we live in bear country and need to stay bear aware.

Please remember not to put your garbage out the night before pickup and to store garbage and bird feeders properly as per Teton County regulations. The Teton County Land Development Regulation applies specifically to bear conflict priority areas within the county, and officials are encouraging all residents to follow the regulations. Garbage is always required to be stored in certified bear resistant containers or in a secure building or enclosure. All bird feeders are to be hung with a catch pan, at least 10 feet from the ground, deck railing or patio and 4 feet away from any tree, post, or support structure.

Allowing bears to get a food reward conditions them to associate food with people, which may lead to dangerous or destructive behaviors.

Exterior Fire Reminder

There shall be **no exterior fires** whatsoever except barbecue fires contained within designated receptacles, i.e.: grills. This is a Tier Four Violation, \$300 fine plus applicable legal fees.

Watch for E-Bikes

There have been a few close calls within Melody Ranch between e-bikers and vehicles. Please remember that e-bikers should follow the rules of the road while occupying the road. Please stop for stop signs and be cautious around people walking in the neighborhood. Together we can keep Melody Ranch a safe place to live.

Help Wanted!

The Melody Ranch HOA Design Review Committee is looking for volunteers to join the committee. The committee meets once a month to review home design changes or new construction builds that have been submitted. If you are interested in volunteering your time, about 1-2 hours a week, please contact Charley Boyton at cboyton@gtpmjh.com or (307) 733-0205.

School Days

Residents, please be aware that children have returned to school. With that in mind, please be alert, and keep your eyes open in the morning and afternoon as kids head to and from school and the bus stop. Drive slowly – **the speed limit in Melody Ranch is 15 mph.**

If you are dropping your child off at the bus stop, please do not park on the grass or in the open space while you wait. Remember to be patient and courteous during these busy moments of the day. Let's all work together to keep the smallest residents of our neighborhood safe.

Covenant Corner

~ Firewood is to be stored behind a fenced enclosure or "out of sight" from the road and neighboring properties view at all times. This is a Tier One Violation, \$25 fine.

~ Front porches are not to be used for storage. Patio/deck furniture is allowed in season however ladders, canoes, firewood, old appliances, etc. are not to be stored on porches. Please note that futons do not fall under the category of patio furniture and should not be placed on porches at any time. Grills are to be placed on back porches, with the exception of a home not having a back porch. This is Tier One Violation, \$25 fine.

RV Storage

Just a quick reminder to those of you with a storage space in the Melody RV lot that there are quite a few homeowners who are still on the waiting list for a spot. If you do not need your space anymore, please notify GTPM so we can pass it to the next family. Also, please keep in mind that the storage area is intended for recreational vehicles and trailers; it is not to be used to store trash, construction equipment, yard gear etc. Please see the storage rules and regulations for a more comprehensive list.

Did You Know?

Autumn marks the transition from summer into winter. It is a beautiful time of year with crisp air, colorful leaves, and a harvest of plentiful vegetables. The days get shorter and leaves begin to fall from the trees. When leaves change color in the fall, they are becoming their true color. In the summer, the chlorophyll (which is how the leaves receive nourishment from the sun) takes over and causes them to turn green and hide their color. Photosynthesis stops in the cooler weather allowing the beautiful vibrant colors to show. October is generally known as a month of haunts, scares and ghouls, and beautiful foliage. Did you also know it is National Chili Month? Most exciting for many, however, is the celebration of Halloween. Although it is uncertain how much trick-or-treating will happen this year, please be especially aware on Sunday, October 31st of all the little superheroes and goblins that may cross your path. If those little costumed bodies live with you, remind them to carry a flashlight and to be aware as they run from house to house. Have a wonderful October!
